are roomy, portable, orderly, secure, convenient, sightly. The great convenience of a Globe Safe to the busy man who hurriedly places important papers, documents, records, books, etc., into it for protection against fire and prying eyes, before leaving his office, entirely overshadows the comparatively small cost for safe and sections. Linemen in the employ of the Consolidated Lighting Co. began this morning the work of dismantling the municipal Christmas tree at the north corner of the City park. The illuminated star at the tip of the tree has been taken down and many colored incandescent globes that adorned the big tree were removed. It is expected that the tree will be allowed to stand in the park until spring. Fixtures for illuminating the tree are to be kept until next Yuletide, when they will be used again if there is enough sentiment hereabouts to warrant a community tree. That particular corner of the park where the tree stands has been illuminated every evening since Dec. 23, when the tree was dedicated.

Certain persons who amused themselves by shooting out the windows of a shack on the east hill a short time ago little realized the catastrophe they narrowly escaped. On a shelf directly in the path of the bullets was an innocent looking agate dish. In this dish reposed three sticks of dynamite which if exploded undoubtedly would have blown the shack to kindling wood. The dynamite was kept there for the purpose of blasting out stumps while the owner of the shack was clearing the land around it. Bullets were found imbedded in the wood of the shelf and in the wall around the dish and the agate of the dish had been chipped off in one place by a glancing bullet. Needless to say, the owner of the building made haste to remove the explosive to a place of safety on his next visit to the premises.

ORDER PUMPS REMOVED.

Gasoline Fillers Must Be Taken Off Burlington Sidewalks.

Burlington, Jan. 4.—Eight members of the board of aldermen cleaned up at least two important matters at the regular monthly meeting held at the city clerk's office last evening. They were unanimous in voting to sustain Mayor Drew's veto of the resolution at the last monthly meeting which gave a license to the Studebaker garage situated on Pearl street to place a gasoline pump at the curb in front of the place of business. The board then passed a resolution instructing the city attorney to notify all proprietors who have such pumps located in front of their places of business to remove them by May 1 and to restore the sidewalks or curbs to their former condition. This will do away with the pumps, many of which have been placed along the city's street. Automobiles will now have to go into a garage or yard off the street to get a supply of fuel. No licenses were obtained to erect any of the gasoline pumps which have been ordered removed.

WESTERVILLE.

The annual business meeting and roll call of the Westerville Baptist church will be held Thursday evening, Jan. 6. All members are asked to be present and all others who are interested. Mrs. Margaret Kossuth, church clerk.
